Item description:

Hex Pioneer Pencil

This is the maximum imprint size for **one line** of text.
Very bold text and most logos do not print well at this size.
Text with descenders (i.e. letters that go below the baseline*)
will force the text size to be even smaller.

*g,j,p,q,y

example: all caps allows for larger text than upper lower. Top line is in 10 point font, second line is reduced to 8 point type.

Please be mindful that any type smaller than 8 pt. may not print well.
If your art contains letters smaller than this size, and the proof is approved, we are not responsible for poor imprint quality.
