It is never too early to begin learning about being responsible and saving money. You can open a savings account in a financial institution. You can begin saving now and add to your account on a regular basis!

**Financial
Institutions offer
many types of
savings accounts.**

Ask what you need to do to open a savings account at a local financial institution. There are many different kinds of savings accounts. You can ask the person at the financial institution which type of account would be best for you. When you earn some money, you can take it to the financial institution and put it into your account to have for the future.

**A savings
account is
a smart way
to save!**

Money you put into most financial institution savings accounts will earn interest. Interest is when the financial institution pays you a certain amount to keep your money in their financial institution. The more money you put into your account, the more interest you earn. By saving money you are also earning money.
